SailPoint Technologies, Inc. makes no warranty of any kind with regard to this manual, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. SailPoint Technologies shall not be liable for errors contained herein or direct, indirect, special, incidental or consequential damages in connection with the furnishing, performance, or use of this material.

Restricted Rights Legend. All rights are reserved. No part of this document may be photocopied, reproduced, or translated to another language without the prior written consent of SailPoint Technologies. The information contained in this document is subject to change without notice.

Use, duplication or disclosure by the U.S. Government is subject to restrictions as set forth in subparagraph (c) (1) (ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 for DOD agencies, and subparagraphs (c) (1) and (c) (2) of the Commercial Computer Software Restricted Rights clause at FAR 52.227-19 for other agencies.

Regulatory/Export Compliance. The export and reexport of this software is controlled for export purposes by the U.S. Government. By accepting this software and/or documentation, licensee agrees to comply with all U.S. and foreign export laws and regulations as they relate to software and related documentation. Licensee will not export or reexport outside the United States software or documentation, whether directly or indirectly, to any Prohibited Party and will not cause, approve or otherwise intentionally facilitate others in so doing. A Prohibited Party includes: a party in a U.S. embargoed country or country the United States has named as a supporter of international terrorism; a party involved in proliferation; a party identified by the U.S. Government as a Denied Party; a party named on the U.S. Government's Entities List; a party prohibited from participation in export or reexport transactions by a U.S. Government General Order; a party listed by the U.S. Government's Office of Foreign Assets Control as ineligible to participate in transactions subject to U.S. jurisdiction; or any party that licensee knows or has reason to know has violated or plans to violate U.S. or foreign export laws or regulations. Licensee shall ensure that each of its software users complies with U.S. and foreign export laws and regulations as they relate to software and related documentation.

Trademark Notices. Copyright © 2015 SailPoint Technologies, Inc. All rights reserved. All other trademarks shown herein are owned by the respective companies or persons indicated.

General

Applies To

1. Reports creations.

Synopsys

1. Reports creation task is in "running" state and stuck on 0% with error: " " .
- 2.

Solution

1. .

Detailed steps

Verify "Daily Statistics Calculation" Scheduled

1. Open the WhiteOPS administrative console.
2. Navigate to System\Scheduled Tasks.
3. Right click on "Daily Statistics Calculation" and click "Edit".
 - a. Verify the schedule is "Daily".
 - b. Verify the "Active?" is checked.

Verify "Daily Statistics Calculation" Task Status

1. Open the WhiteOPS administrative console.
2. Navigate to System\My Tasks.
3. Check "Show Tasks from all users".
4. Find the "Daily Statistics Calculation" tasks and check if they are completed successfully.

ERROR, WBX.whiteOPS.Server.Tasking.WBXTaskManager,updateTaskStatusInDB,Caught exception while trying to update latest task update

S-000000005 WBX.whiteOPS.ServerCore.Exceptions.WBXDAOException: Error occured while accessing the DB. ---> NHibernate.StaleStateException: Batch update returned unexpected row count from update; actual row count: 0; expected: 1
