

# Building a Successful Identity Program

November 29, 2023

Neil McGlennon, Principal Architect, Technology Services

# Strategic Direction

With a focus on Identity Security

# Program vs Project

Project

Project

Program

Project

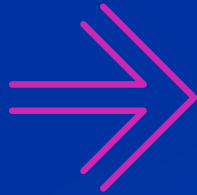

## Program

A set of related measures, events, or activities with a particular **long-term aim**.

## Project

An individual or collaborative enterprise that is carefully planned and designed to achieve a **particular aim**.

# Program vs Project

## Program

- Strategic
- Long-term
- Broad Objectives
- Less Likely to Change
- Internal Resources
- Often Operational Expenditure (OpEx)

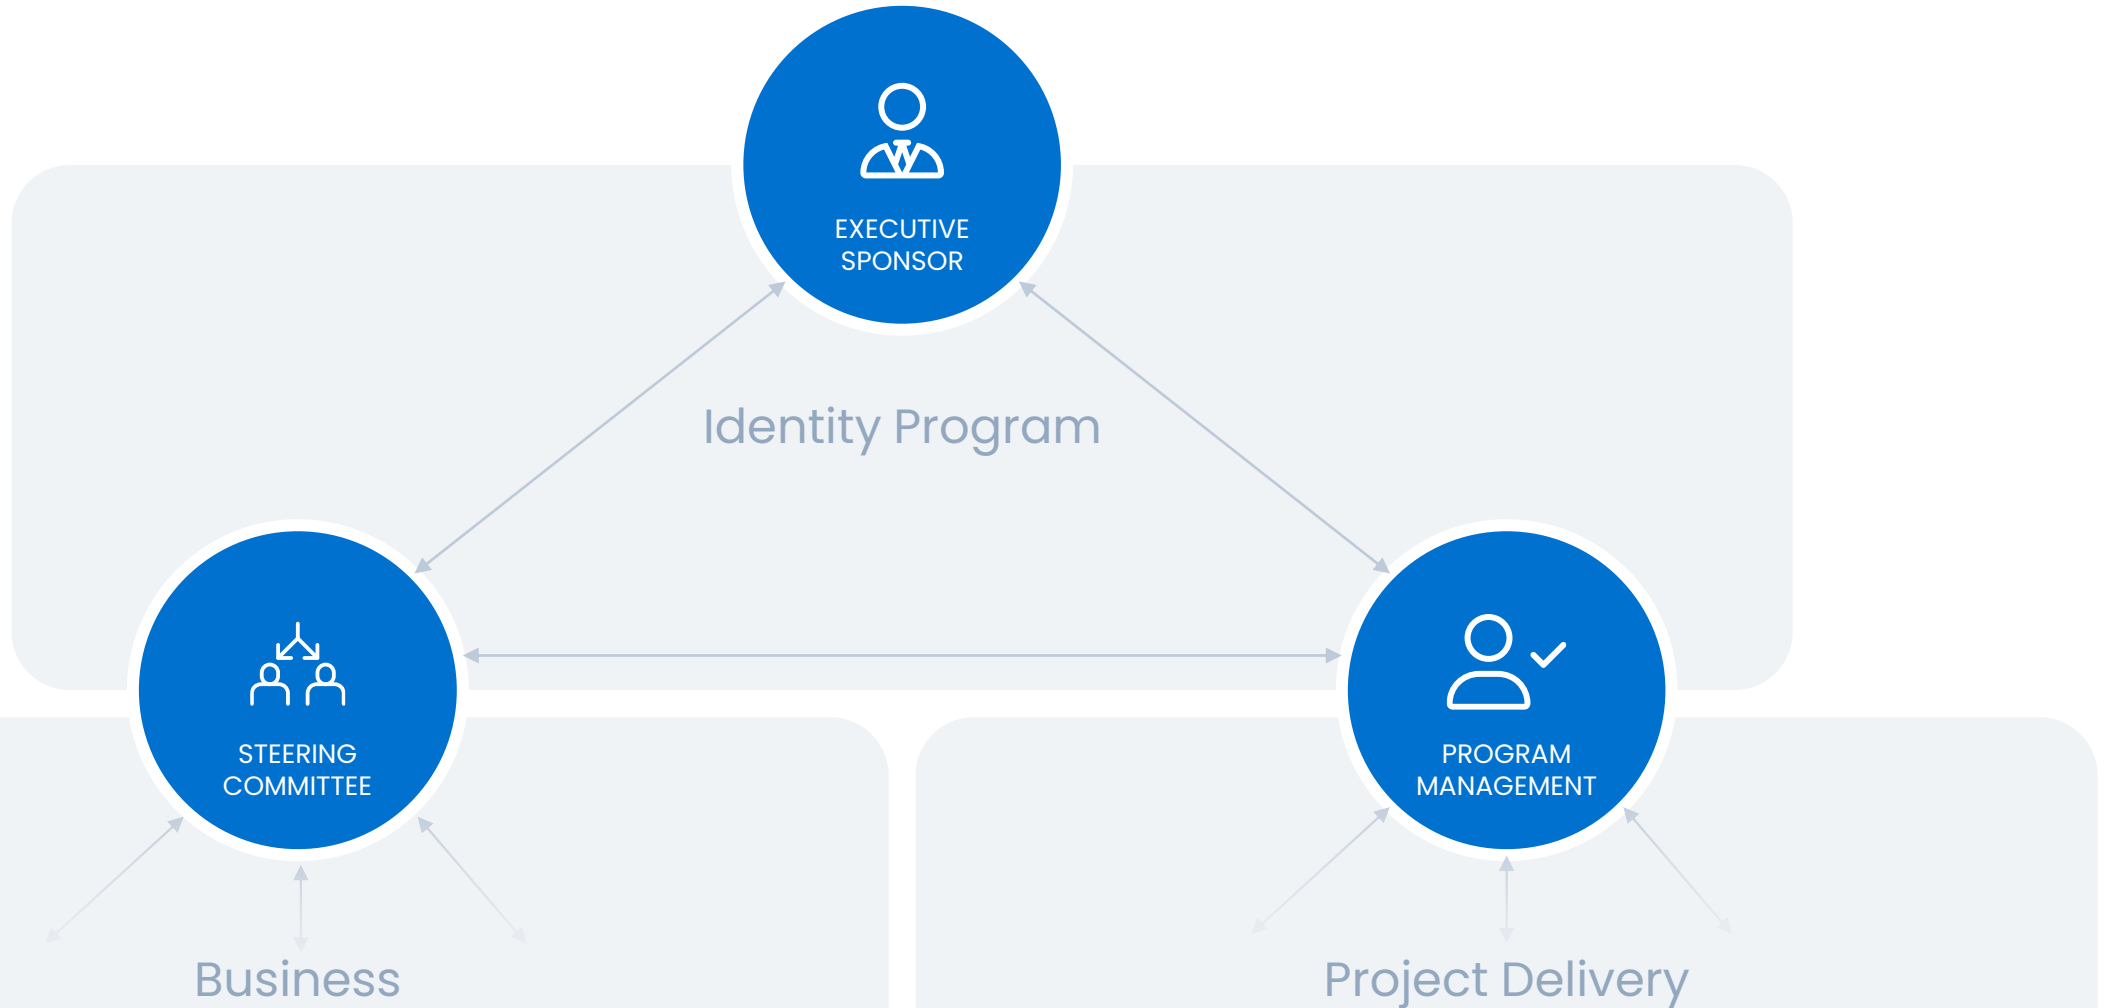

## Project

- Tactical
- Shorter-term
- Focused Deliverables
- More Likely to Change
- Mix of Internal and External Resources
- Often Capital Expenditure (CapEx)

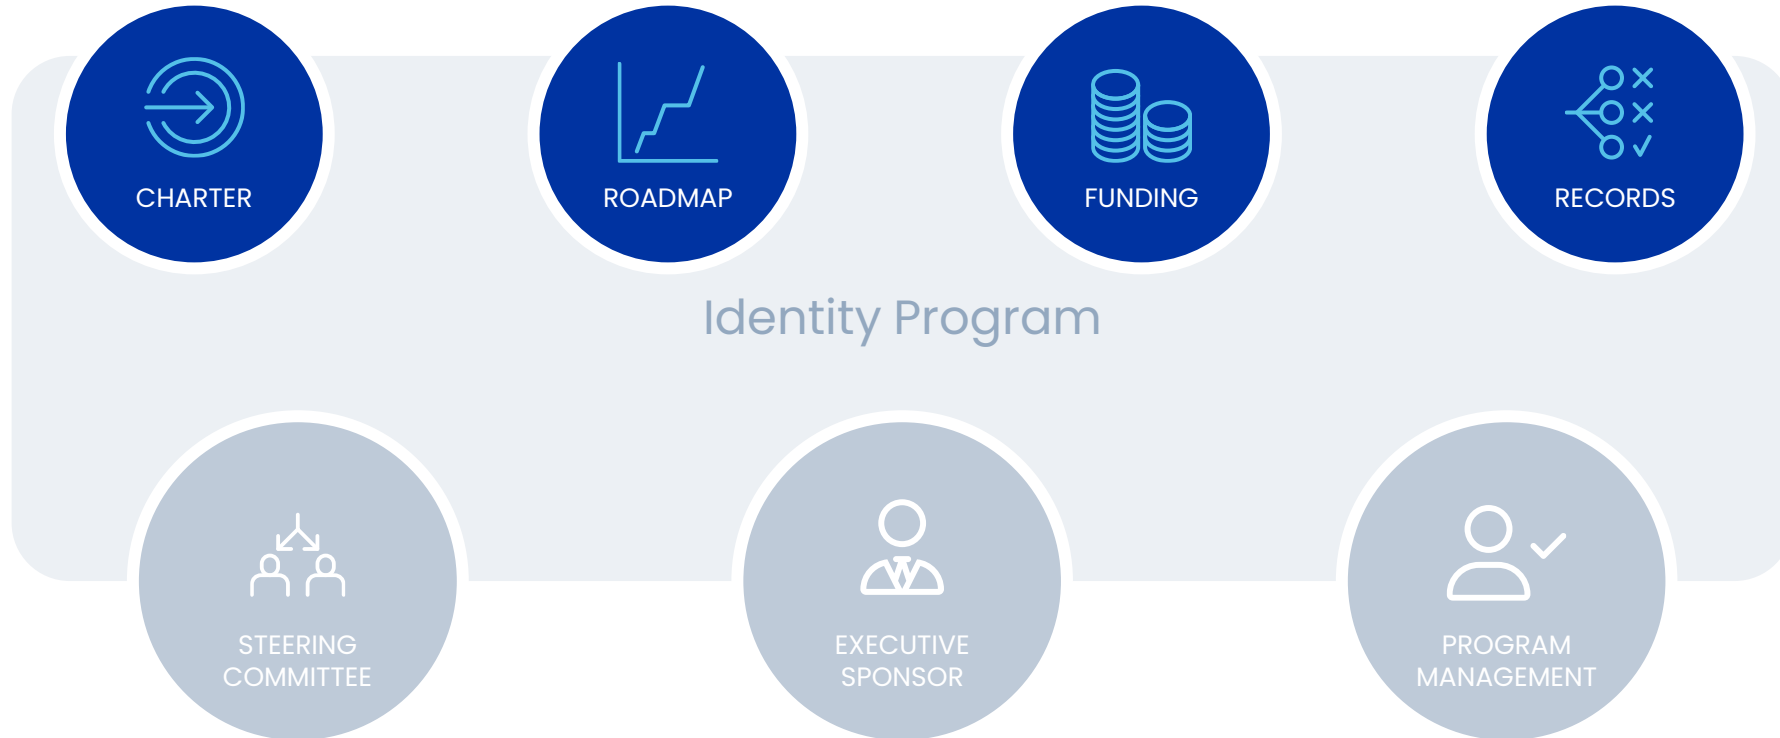

# Program Recommendations

A Best Practices Approach

# Roles and Responsibilities

# Key Components

# Questions for Roadmap Prioritization

- What is most important to your organization?
- Where is the biggest impact or pain-point?
- Are there any easy-to-achieve goals or quick-wins?
- Are there any areas which are risky, or more susceptible to change?

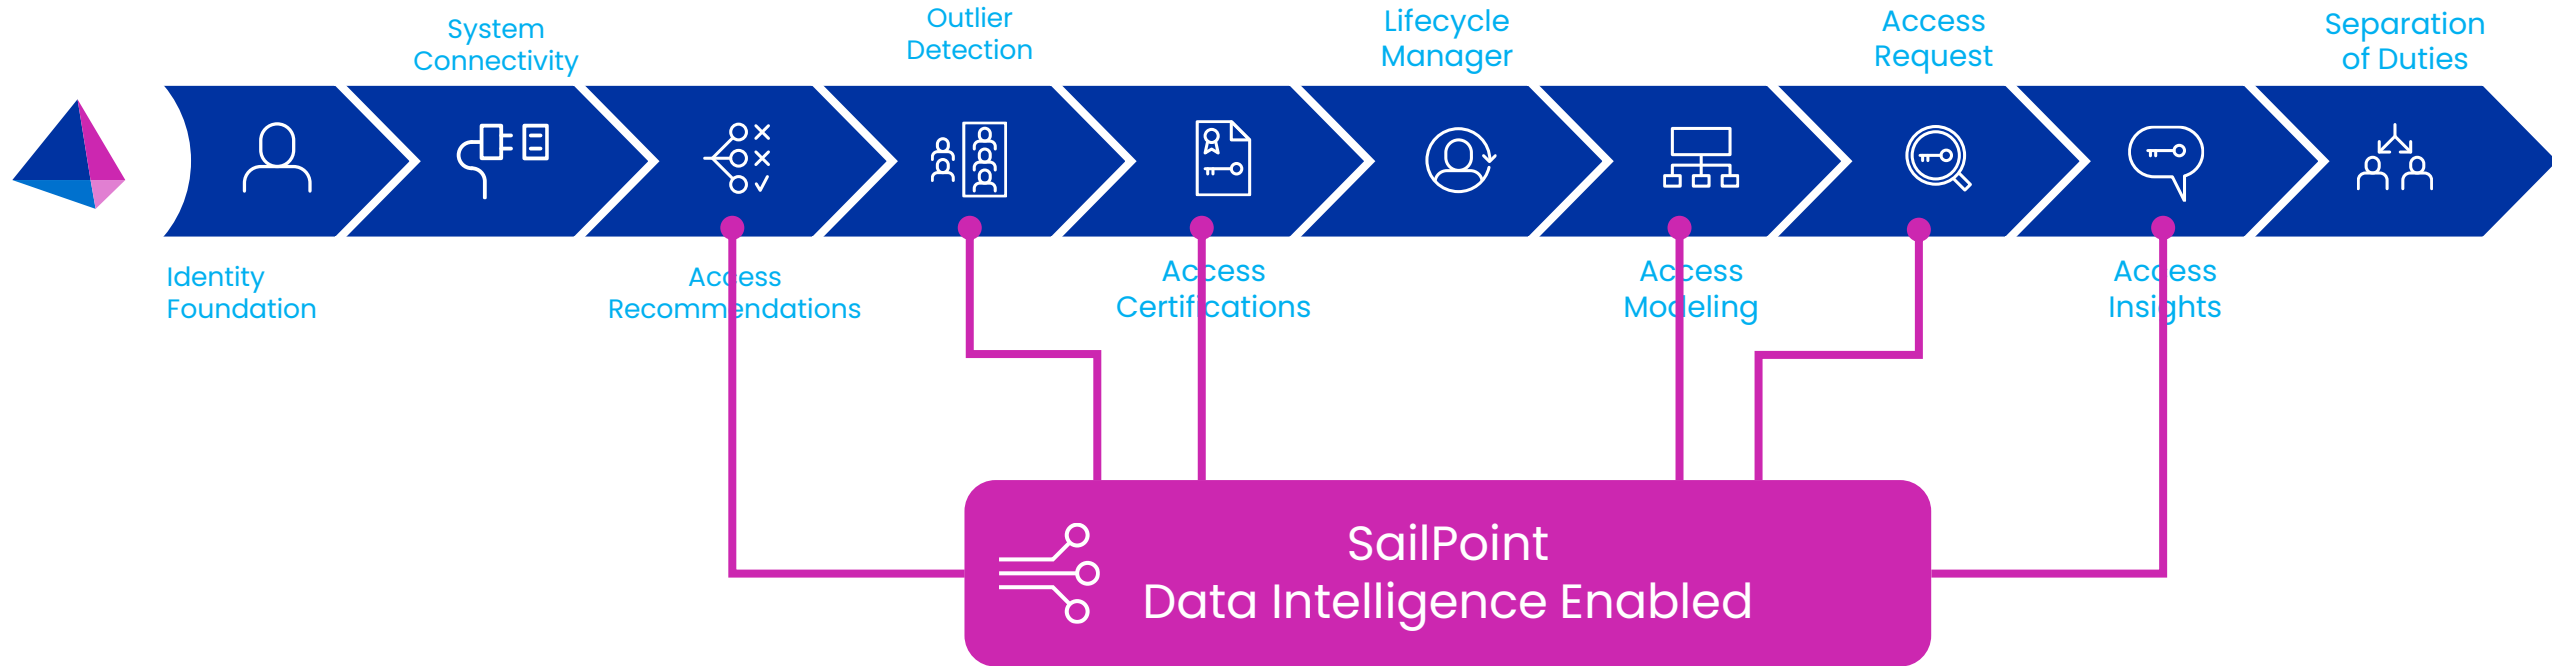

**Programs should continually  
ask themselves these!**
